

Daily Free Democrat.

M. M. BOOTH, Editor.
CITY OF MILWAUKEE.
MONDAY, JULY 28.

ALL LETTERS intended for publication, or on business connected with the paper should be directed to "The Free Democrat, Milwaukee, Wisconsin."

All letters designed only for the eyes of the editor should be addressed to "M. M. BOOTH, Milwaukee, Wisconsin."

A WORD TO SUBSCRIBERS WHO WISH US TO CHANGE THE DIRECTION OF THEIR PAPER.

Mr. A. FOSTER writes us from Monroe, Green County, that about a year ago he wrote us, requesting us to send his paper to that place, instead of Burlington.

Mr. Foster wrote to us to change his paper to Monroe, but did not inform us where he was then taking it. And as we could not find the name without looking through our whole list of subscribers, after sundry efforts to find it, we gave it up.

Mr. LYSANDER CHAPMAN writes us from McIntyre Creek post office, that he wishes his paper sent to that place now, but does not inform us at what post office he had heretofore received it and as we do not know, we must wait for further directions. We cannot afford to spend two hours' time in looking through our list to change the direction of a paper.—When a subscriber wishes the direction of his paper changed, he should state from what post office he has taken it, as well as where he wishes it sent. Then we have no trouble about it.

The MADISON ATTORNEY, in reply to our request that it would state its authority for believing that the Kansas funds passed through our hands, says:

"We must inform Booth that he bragged of having raised several hundred dollars at Ripon, when he preached there on the 4th inst. What did you do with it? Did you really give \$600? If so, who did you give it to? What was it used for? The miserables dupes whom you, and such as you, have lied into a crusade to Kansas, with hollow promises of aid, want to know where the money is, and so do all honest men. It is in the pockets of the thieving scoundrels who have rung it from the hard hand and soft heart of honest toil, by scandalous lies and inventions, which none but vagabonds, who live by such villainy, could ever have invented."

We never intimated that we raised any money at Ripon. We said the people there contributed \$1,040 to the Kansas Fund. The charge is the Argus' own coinage.

We did give \$60 to the Kansas Committee in this city, and we have no doubt they appropriated it to a good purpose. The modesty of Mr. Calkins in the paragraph above quoted, is only equalled by his recklessness and impudence.

Its paragraph headed "A New Issue to be raised," is a disgrace to the Wisconsin press, and is fit only for the region of the Five Points of New York.

A BAD RECOMMENDATION.—Mr. Joseph Baker writes us from Janesville, Wis., expressing a desire to occupy an associate editorial chair in this office. We feel quite equal to the task of advancing Buchanan and Breckinridge single-handed; but, were it otherwise, there are serious obstacles in the way of the arrangement proposed by Mr. Baker. He refers to the following persons: Coles Bradford, L. P. Harvey, J. Sutherland, David Noggle and Rufus King. If the whole Shanghai and Know Nothing crew were let loose upon us, we could not be more dismayed than with such an array of endorsers. The list only needs the names of Gov. Law and Horace Greeley, and the "same old crew," to make it complete.

Madison Herald.
We can hardly credit the above statement.—Mr. Baker was on the platform at the Fremont ratification meeting in Janesville, and appeared interested in the meeting. We cannot conceive any indifference for a Republican to apostatize at this time. We think Mr. Baker must have been under a mistake, and wrote to the wrong office, confounding Fitch of the Herald with Smith of the Tribune.

ILLINOIS IN CONGRESS.
The Chicago Press says, Illinois is entitled to nine Representatives in the popular branch of Congress. She now has six. The Eighth District has been unrepresented from the beginning of the present Congress. The Seventh District has just been disfranchised by a union of Democratic and Know-Nothing voters in the House. The member for the Fifth District, Col. Richardson, has abandoned his seat to canvass the State for the office of Governor, and he now performs no other function of Representative than to draw eight dollars per day from the Treasury.

Why was not a special election called in the Eighth District long ago? Why is the Seventh District suffered to remain without a Representative? Why does not Richardson resign?

The Eighth District would have elected Gov. Karrner, an anti-Nebraska man. The Seventh District would also elect an anti-Nebraska man. So would the Fifth, if Richardson would resign.

NEW BRUNSWICK.—The Governor of New Brunswick has assented to the repeal of the Prohibition Law. The House has been pro-rogued.

FILLMORE JOURNAL.—The Batavia (N. Y.) Gazette has been purchased by the Fillmore party, and will hereafter support Fillmore and Donaldson.

FIGATE WARSHAW.—The secretary of the Navy has ordered Com. Paulding with the officers and crew of the frigate *Potomac* to proceed to Philadelphia to take command of United States steam frigate *Hudson*, which has been made a flag ship of the Home Squadron.

FROM CALIFORNIA.—The Str. *Daniel Webster* arrived at New York on the 26th inst., with California dates to the 5th.

She reports that the *Illinois* left Aspinwall the 29th for New York, with upwards of \$1,700,000 in treasure, and 650 passengers.

SANTA ANNA.—Vera Cruz advices to the 22d inst., are to the effect that a conspiracy had been detected at Puebla to restore Santa Anna. The priests were implicated.

DODGE CO. FAIR.—The next annual fair of Dodge Co. Agricultural Society will be held at Horicon.

SENT TO JAH.—John Symons, for threatening to shoot OWEN MARON—so says the Platteville American.

OLD ROCK.—The Beloit Fremont Club are making arrangements on a large scale for a great Fremont ratification meeting in that city on the 3d of September. Committees are appointed to take charge of each department,—and we predict from the way they have gone to work, the largest and most enthusiastic meeting which has yet been held in Wisconsin.

SEÑOR HEREZ, who went up in a balloon some time since at Havana, had not been heard from since the 17th inst. It was supposed he had crossed over to Yucatan.

IT appears by the assessment of property just made in St. Louis, taxation is pretty steep in that city, being two dollars and sixty cents on one hundred dollars.

The citizens of California have already subscribed twenty eight thousand dollars for the family of James King and also presented his widow with a residence.

WILLIAM W. CURRAN, the head of the reporter corps of the House of Representatives, died on the 22d. He had been employed for twenty-one years in the *Globe* office.

JOHN H. DOME, Superintendent of the Illinois Central R. R., who was so shockingly mangled on Friday afternoon last, by a freight train, died about 12 o'clock on Friday night.

WE see by the papers, that Gen. James of this State, figures in the Brooks and Burlingame affair, as friend of the latter. Is this our old friend Charles James, and is everybody General who goes to Washington?

THE Wisconsin Miner says the Know Nothings were badly sold in the nomination of Fremont. There are a great many Democratic Know Nothings in Portage County. Hence the remark of the Miner to induce them to vote for Buchanan.

THE Manitowoc Herald, in speaking of the pecuniary reward of our labor, says ours is a sad and somewhat painful experience.—Brother Fitch, has your experience in this respect been better than ours? If so, you have done better than most of the craft.

A great deal of activity at present exists in the work upon the Hoosier Tunnel, and no doubt is entertained of its completion within the time specified, namely five years. The excavation on the east side of the mountain already extends in 200 feet, through a soft, shaly rock, which is perfectly dry and easily worked.

When the editor of the Kenosha Democrat will publicly acknowledge that he has been an active Know Nothing, and has repented of his connection with that order, we shall believe in the sincerity of his lectures on Know Nothingism, and his zeal for the rights of adopted citizens. But till then, we think that silence would be his wisest speech on that subject.

The Hunker press are trying to prove

that Fremont is in favor of Slavery. If he were, he would possess the main qualification which commands Buchanan to the support of the Slave Democracy. But as long as the Anti-Slavery men of the country are willing to trust him, their efforts to prove him to be like Buchanan will be worse than lost. To what desperate straits are the Hunker press driven, when they expect the people not to vote for Fremont because they falsely allege he is almost as much opposed to the abolition of Slavery in the District of Columbia, as Buchanan is.

No stronger proof of the depraving influence of the public sentiment at Washington, could be given, than the acceptance, by Burlingame, of a challenge to fight Billy Brooks. In Massachusetts, he would as soon have thrust his right arm into a fiery furnace as to have done such a deed. But the political Border Ruffian chiroform of the Washington atmosphere, has so unmanned him that he has become as weak morally, as Sampson was physically, after Delilah had run her scissors through many locks. None but those of the toughest moral constitutions should be sent to Washington.

AN IMPOSTOR.—The Sauk County Democrat of the 24th inst., says: A scamp calling his name Levi Hornung, who has been stopping for some time past at Delton, and who took off a young girl under false pretences and married her last spring, was arrested last Saturday in Newport for passing counterfeit money and held to bail in the sum of \$500—and while the papers were being made out for a second arrest the gentleman stepped out, and is probably in *suspicio et non combatibus*. Said Hornung, to appearance, is about 26 years of age, and a little squint eyed, caused by protacted sore eyes.

A VOTE IN THE "RURAL DISTRICTS."—On Saturday evening last, a vote for President was taken among the farmers and others who were present, at the Western Hotel, at Hale's Corners, in this county, and stood as follows:

Fremont..... 15
Buchanan 1

The Buchanan man left the next morning before breakfast.

The Elkhorn Reporter calls preaching against Slavery, assailing the Democracy. The clergy just now seem to trouble the Sham Democracy almost as much as Moses did Pharaoh, when he exhorted him to "let my people go."

NEW BRUNSWICK.—The Governor of New Brunswick has assented to the repeal of the Prohibition Law. The House has been pro-rogued.

FILLMORE JOURNAL.—The Batavia (N. Y.) Gazette has been purchased by the Fillmore party, and will hereafter support Fillmore and Donaldson.

FRIGATE WARSHAW.—The secretary of the Navy has ordered Com. Paulding with the officers and crew of the frigate *Potomac* to proceed to Philadelphia to take command of United States steam frigate *Hudson*, which has been made a flag ship of the Home Squadron.

She reports that the *Illinois* left Aspinwall the 29th for New York, with upwards of \$1,700,000 in treasure, and 650 passengers.

SANTA ANNA.—Vera Cruz advices to the 22d inst., are to the effect that a conspiracy had been detected at Puebla to restore Santa Anna. The priests were implicated.

DODGE CO. FAIR.—The next annual fair of Dodge Co. Agricultural Society will be held at Horicon.

SENT TO JAH.—John Symons, for threatening to shoot OWEN MARON—so says the Platteville American.

THE Sentinel of this morning endorses the Elkhorn Independent's recommendation of Mr. Holton as a good candidate. Mr. Holton is already a candidate for Presidential Elector, which will be a good reason for taking another man.

OLD ROCK.—The Beloit Fremont Club are making arrangements on a large scale for a great Fremont ratification meeting in that city on the 3d of September. Committees are appointed to take charge of each department,—and we predict from the way they have gone to work, the largest and most enthusiastic meeting which has yet been held in Wisconsin.

Lorenz Bretton.

The following able and truthful letter upon the issues of the Presidential campaign from the pen of LORENZ BRETON, the compatriot of Blum, Hecker and Saure, is worthy of a candid perusal.

[From the Kalamazoo Telegraph.]

MR. EDITOR:—Heresy before the Germans, like most of the foreign born citizens of this country, followed the standard of the so called Democratic party. To conclude from this fact that the Germans, or a majority of them, will cast their votes for Buchanan, would be erroneous. You may divide the German population into two classes: First—Such as left their native country because they could not find there a ready market for the labor of their hands, nor room and freedom for their enterprise. And Second—Such as although being successful life left, or had to leave their fatherland where they had been subdued. All of them (of course I speak only of the honest, bona fide emigrants) bid adieu to their country for opposition's sake.

The latter class without exception, and a great portion of the former, belonged in the old country to the liberal, and since 1842 to the Democratic Republican party; and no wonder, in coming to these shores, they generally turn to that political party that promises best to realize their ideas of democratic liberality, for the obtaining of which, they at home had struggled in vain.

It was not the sword that won our best battle. Created our commerce, and extended our trade; gave food to our wives, our children and cattle; But the queen of all weapons—the spade, boys, the spade!

Give me the spade and the man who can use it; Give for your lord and his stiffen hand; Let the man who has strength never stop to abuse it; Give it back to the giver—the land, boys, the land.

Here's no bank like the earth to deposit your labor.

The more you deposit the more you shall have;

There's more than you want you can give to your neighbor.

And your name shall be dear to the true and the brave.

Give me the spade—our dear country's glory.

That fashioned the field from the bleak barren moor;

Let us speak of its praise with bated and story,

While it's brightened with labor, not tarnished with gore.

I was not the sword that won our best battle.

Created our commerce, and extended our trade;

Give food to our wives, our children and cattle;

But the queen of all weapons—the spade, boys, the spade!

Give me the spade, there's magic about it.

That turns the black soil into bright shining gold;

What would our fathers have done, boys, without it;

When the lands lay all bare and the north winds blow cold?

Where the tall forests stood, and the wild beasts were yelling.

Where our stout-hearted ancestors shrank back afraid,

To a corn stalk is raised, and mankind claims a dwelling.

Turn hurrail for our true friend—the spade, boys, the spade!

The Main Issue.

As the Hunker presses are trying to make capital out of the fact that the Daily American supports Fremont, and that the American Convention at New York nominated him, and are arguing from these premises that Fremont is to know nothing, we quote below, what the American is in regard to these charges:

When John C. Fremont accepted the nomination at the hands of the American Convention, he did so, he said, "without the sacrifice of opinion on either side." And what did he mean? That he had expressed himself in favor of all the principles of public policy held by the individual members of that Convention? Certainly not—such an inference could be drawn. He had not been asked by the Convention to subscribe to anything connected with the peculiar principles of the distinctive American party.

Fremont Club Meeting.

There was a good attendance of our business and working men, at the Fremont Club meeting last Saturday evening, for the transaction of business, Wm. A. PREISS, Esq., in the Chair.

Hans Crocker, from the Executive Committee, asked time till next meeting to report, and moved an amendment to the Constitution, which was adopted—that screen instead of *etc.* be the number of the Vigilance Committee for each Ward.

A communication was received from the German Fremont Club, that they had organized, and were ready to co-operate with the America Club for the campaign; to which the Secretary was instructed to reply. Mr. Engleman, Secretary of the German Club, spoke briefly in response. A. Finch, Jr., made some excellent remarks, and stated that John W. Crary late Democratic Senator from Racine had abandoned Buchanan, and now supported Fremont.

Byron Fane offered the following resolution, which was enthusiastically adopted:

Whence discussion is the wind that winnows grain, and whereas a greater interest is generally felt by the public in meetings where both sides of prominent questions are presented, therefore:

Resolved, That this Club extends to the Democratic Club of the City of Milwaukee an invitation to discuss the merits of their respective platforms, in a series of meetings to be held before the people, the details of the arrangement to be settled by a committee of conference consisting of three on the part of each Club, and that the Secretary of this Club communicate the Resolution to the Democratic Club.

The Chair appointed an such Committee, Byron Fane, Hans Crocker, and Palmer.

The Club then adjourned till next Saturday evening.

POLITICS COURT, July 28.

Wm. Atchekem, intoxicated, fined \$1.

John Burke, and Thos. Goff, intoxicated and disorderly fined \$3 each.

John Goff, intoxicated fined \$1.

John Witt, throwing off all the Buff in the city limits, fined \$10.

Daniel Hafer, charged with disorderly conduct, discontinued on payment of costs.

Wm. Custer examined on charge of burglariously breaking into the house of Peter Dudley, with intent to steal, and was committed to jail to wait trial, before the Circuit Court, in default of \$500 bail.

Henry Forbenfurther, intoxicated and disorderly, fined \$3 and in default of payment committed to jail for 10 days.

Jacob Sowth, examined on charge of burglary and larceny in the shop of Leopold Hertz, and committed to jail to await trial before the Circuit Court, in default of \$500 bail.

Edward Cavanaugh, assault with intent to kill J. H. Ryan—not pros entered by District Attorney. Edward Cavanaugh, charged with resisting Constable Ryan, waived an examination and gave bail in the sum of \$300 for his appearance at the Circuit Court.

A COWHIDING APPEAR.—We have taken some pains to learn the facts in regard to the cowhiding which Mrs. Tucherman, assisted by her husband, gave to J. Thompson Hallett, at the State's office, about 6 o'clock on Saturday afternoon. Mrs. T., who appears to be the mounted partner of the concern, believed Mr. Hallett had "done" her in some business transactions with her husband, who acted as legal agent for her, and had also been treated with resulting rudeness, and not being able to get pecuniary satisfaction from Mr. Hallett, concluded to "do" him with a rawhide. As it was purely a personal matter, if the parties are satisfied that justice has been done them, the public ought to be, and therefore, we decline going into details. We only remark that it sharing is to be always followed by a *cowhiding*; there will be a great demand for *ranchas*.

THE LAST CONCERT OF MADAME ABLAMOWICZ, is to be given at Young's Hall, this evening, assisted by Mademoiselle IDALIS and "la petite Marcella"—Mr. HORSON providing at the Piano. "Forte," "Annie Laurie" and the "Song of Home" are to be repeated, but the rest of the programme is new. "John Anderson" and the "Marseillaise" are among the favorite pieces to be performed. The prospect now is that the evening will be cooler than it was last Friday, and if we may judge from the reception their performances met then, there will be a full house this evening.

KANSAS MEETING.—There will be a meeting of the Board of Directors of the State Kansas Aid Society, held in this city, at the rooms of the Society, on Saturday, August 2d, at 10 o'clock A. M., to adopt measures to perfect the organization of the State. Every member is requested to attend.

NEW WHEAT.—On Saturday afternoon, a load of new winter wheat was sold at John Berte's Mills, for \$1.32 per bushel. Meers, Smith & Holmes, and Stouts & Nute, had consignments of new wheat from Oconomowoc and Janesville, the same day, for which \$1.35 per bushel was asked.

MILWAUKEE UNIVERSITY.—The closing exercises of the Milwaukee University will take place on Thursday evening, the 31st inst., in the first Presbyterian Church.

CONVICTION.—We were in error on Saturday, in stating that two prisoners had escaped from the Oakwood jail. They escaped from the Fond du Lac jail.

THE Next Sabbath, Rev. Dr. Wiley, the Chancellor, will deliver a discourse on the importance of collegiate education, and the claims of the Milwaukee University to public patronage.

The new schooner, launched on Friday last, is called the *Briarant*. She is about 160 tons burthen, is owned by Captains Jonas and Randolph, and will run in the lumber trade.

MUSICAL SOCIETY.—The Milwaukee Musical Society will give an entertainment at Metz's Garden, on Wednesday evening next.

FOR COLLINGWOOD.—The favorite steamer *Buckeye State* left Elkhorn's Pier Wednesday morning at 8 o'clock.

APPLETON'S RAILWAY AND STEAM NAVIGATION GUIDE, for July, a book of 250 pages, has been laid on our table by A. Wilson. It contains a large amount of valuable and reliable statistics, and, in addition, sketches some of the principal places in each State. After noticing Milwaukee, it sets down as prominent town in this State, Linden in Iowa county, and Watertown, on the Fox River. Somebody should furnish it with the statistics of Milwaukee.

BUTCHERS, TAKE NOTICE!—By our police report, it will be seen that John Witt was fined \$10 this forenoon, for throwing the offal of a slaughtered animal on the bluff near the lake shore, in the First Ward. We learn that it is quite a common practice for butchers to leave offal within the city limits, especially along the lake shore in the First and Seventh Wards, and we are glad that the authorities have taken notice of it, and are determined to put a stop to a practice so detrimental to the health of the city, and offensive to the olfactory nerves.

See notice of Banor Farm for sale, in Mr. Fillmore's advertising column.

Herbert Acquited.

Herbert, the murderer of Keating, has been acquitted, but the feeling at Washington is an intense against him that he has left. A Buchanan Democrat kills an Irishman, at breakfast, a Democratic House of Representatives vote to screen him—our M. C. Wells, among the number—and a Democratic Judiciary, at Washington, acquit him.

Our Irish fellow-citizens can see how the Democracy regard them. They are their servants to be *cared* or *killed*, at their pleasure.

STILL THEY COME.—H. A. TENNEY Esq., for many years the editor of the Madison *Argus*, and one of the ablest political writers ever connected with the opposition press in the State, T. B. HASLAM, Clerk of the Board of Supervisors of Columbia County, L. S. DIXON, District Attorney of that county, and Gen. P. Delaplaine, old Democrat, are out for FRIENDS and DAYTON.

JUST SO.—Mr. Orton, in his speech to the Madison Buchananites last Saturday, said, tho' supporting Buchanan he had changed no sentiment. He was still a Whig. As the Buchanan party is now the Federal party and go for centralization, with Slavery for the central power, Federalists, who wish to support Slavery, should go for Buchanan.

THE editor of the Beloit *Journal* has been fastening on new potatoes and green corn.

THE Fond du Lac *Herald* is glad Burlingame was willing to fight Billy Brooks.

THE vote taken in the cars between Madison and this city, this morning, stood:
